### IN DEATH'S AWFUL PATH.

Fifty Killed and a Hundred Wounded in Iowa's Cyclone.

#### NEARLY A MILLION DOLLARS DAMAGE

Two Hundred Residences and Seven Churches Demolished.

POMEROY, Ia., July.—The dead here now number 44. It is one of the saddest scenes ever witnessed, and even the strongest are compelled to turn away from some sights at the city hall, the hospital where the worst of 108 inured are. Governor Boies is still on the ground doing all in his power for the comfort of the wounded. Physicians and nurses are needed badly. Of the injured 12 to 20 more will die.

Near Fonda Mrs. E. S. Genden and two children were killed. Near Newell, John Dettler was killed and his wife fatally hurt.

In Wright county eight miles west of Belmont, John Louben and his brother were killed. The total number of deaths from the storm so far as heard from, are 63.

The work of burying the dead at Pomeroy has commenced. Seventeen were interred late yesterday, and 20 more will be buried today. A number of bodies have been shipped away.

The scenes are most heartrending as relatives from a distance come to gaze upon the features of their dead.

Two hundred and eight residences were swept completely from the face of the earth, not a board being left. Dead carcasses of horses, cattle, and hogs are being taken from the ruins today and buried.

It seems that as many fatalities resulted from going into cellars as from staying above ground.

The seven churches of the town are all demolished. No services will be held tomorrow. All is sadness and gloom. The total damage done the state by the cyclone is estimated at eight hundred thousand dollars.

#### Relief Train.

SIoux CITY, Ia., July 8.—The work of organization for relief of tornado sufferers at Pomeroy is being pushed in cities of Northwest Iowa. Carload of supplies sent from here this morning with half a dozen surgeons and a number of helpers. A meeting was held this forenoon and committee appointed to raise a large relief fund.

#### KILLED WITH A CLUB.

Farmer Quarrels With His Wife and Loses His Life.

THE DALLES, Or., July 8.—News has just been received by a messenger from the settlement near this place, called Ten Mile, of the killing of a man named E. W. Wilhelm by his twenty-two year old son William.

Wilhelm was a man fifty-five years of age, who has not been living with his family for some time. Yesterday he returned home and quarrelled with his wife, and reached for a gun to shoot her. The boy seeing their lives in danger, struck his father over the head with a club, killing him instantly. He came here this morning and gave himself up to the sheriff, who, with the coroner, has repaired to the scene of the tragedy.

#### Paris Quiet.

PARIS, July 8.—Everything is quiet in the city this morning. It is believed the strong measures of the government are having proper effect in restoration of order. Two hundred rioters were arrested last night.

### LATEST NEWS TODAY.

Cleveland Better but Sees No Callers.

#### BANK PRESIDENT MOSHER OF LINCOLN

Gets Five Years in the Pen for Stealing \$200,000.

#### President Cleveland All Right.

BUZZARDS BAY, July 8.—The president's condition is about the same. He goes about the house and on the veranda and a gradual improvement is noticeable.

#### Cleveland Better.

BAZZARDS BAY, July 8.—Mrs. Cleveland said at noon that President Cleveland was feeling better, but did not care to see callers.

#### THE PRESIDENT'S CONDITION

Report of a Tumor in His Mouth not Verified—An Interesting Event.

CHICAGO, July 8.—A special from Boston to an afternoon paper says in regard to the cancerous growth in the president's mouth: "It was noticed a year or so ago, but it gave no trouble until lately. Last Sunday, under the advice of a specialist, it was removed. It was a small affair, and was removed without difficulty, though, of course it was very painful. The physicians require perfect rest to insure a full and speedy recovery. No further trouble is anticipated. The same authority states that the presence of the president's sister, Mrs. Hoyt, of Beatrice, Neb., is not demanded by the president's illness, but in connection with the culmination of an interesting event more nearly concerning the president's wife.

BUZZARDS BAY, July 8.—Pres. Cleveland last night was feeling better than he was in the morning. His knee is lame and his left foot swollen so he is obliged to wear a big shoe. The published report that the president is suffering with a cancer is denied. Dr. Bryant says the president is absolutely free from cancer or malignant growth of any description and that the report is absolutely false. No operation has been performed except that a bad tooth has been extracted. Dr. Bryant is of the opinion that the president will be able to go out in a day or two.

#### A Light Fine.

OMAHA, Neb., July 8.—C. W. Mosher, president of the defunct Capital National bank of Lincoln, this morning was sentenced to five years in the penitentiary. It is estimated Mosher embezzled over \$200,000.

#### In Consequence, etc.

BIG RAPIDS, Mich., July 8.—The Northern National bank closed its doors this morning in consequence of withdrawal of funds by depositors.

#### Blatchford Dead.

NEWPORT, R. I., July 8.—The funeral of Justice Blatchford will be held Tuesday afternoon, Bishop Potter officiating. The interment will be at Greenwood cemetery, New York City, Wednesday.

#### PACKING STOLEN GOODS.

A Man Named Henry Deerbrook Held at Salem.

Friday forenoon a solitary stranger riding a cayuse with horsehair bridle and driving tandem a packhorse with a small circus loaded on his back passed north on Commercial street. He went slowly through town and up the river road.

Soon arrived David Looney who owns a ranch south of Salem and charged the police to look after a harness stolen from him the night before. The police overtook the lone wanderer going north, arrested him and brought him back to Salem for trial. They found harness in his pack answering the description. He was cited to appear before Recorder Edes this forenoon.

#### CONTINUED.

Henry Deerhake appeared before Recorder Edes this morning and pleaded not guilty. The harness was produced in court, and he went to jail to await trial next Monday at 2 p. m.

## 27% Difference

### The "Royal" the Strongest and Purest Baking Powder.

Whether any other baking powder is equal to "Royal," let the official reports decide. When the different powders were purchased on the open market and examined by Prof. Chandler, of the New-York Board of Health, the result showed that Royal Baking Powder contained twenty-seven per cent. greater strength than any other brand.

When compared in money value, this difference would be as follows:

If one pound of Royal Baking Powder sells for 50 cents,

One pound of no other powder is worth over 36 cents.

If another baking powder is forced upon you by the grocer in place of the Royal, see that you are charged the correspondingly lower price.

### CONFLICT IN PARIS.

#### Serious Trouble is Imminent Over Labor Riots.

#### Sealing Controversy Closed—Fight With Arabs in Congo Land.

PARIS, July 8.—The city was quiet yesterday, but it is a brooding quietness that augurs ill for order when darkness sets in. The situation promises to become critical, and only the administration of the law with a strong hand will prevent general trouble; but it can be said the government is fully alive to the condition that confronts it, and is prepared for almost any contingency. Workmen have now become incensed against the police, and propose to show their indignation against them and their disapproval of the government by inaugurating a general strike. An appeal signed by the delegates of 167 trade syndicates was issued in Paris and the provinces requesting workmen to quit work. The tension between the Paris municipal council, some of whose members are avowedly socialistic, and the government shows no signs of lessening. The council held a meeting at which several members made speeches in which they violently denounced the government for supporting "the police in what was termed high-handed, reckless disregard of the law. This action adds strength to the report that the government intends to dissolve that body. Fifty-five of the rioters have been held for prosecution. All other persons arrested have been released.

#### Behring Sea Case.

PARIS, July 8.—Before the Behring sea tribunal of arbitration, Hon. E. J. Phelps continued his closing address in behalf of the United States. He reviewed the report made to the American government by Mr. Elliot, who had been appointed to investigate the facts in connection with the seal herds, and while so doing he was asked by Sir Charles Russell, of counsel for Great Britain, why this report had not been printed at Washington. Why this particular report had not been printed he did not know. The animus of the report had been explained by the fact that Elliott was connected with the lessee company, whose interests he had been supporting during the contest between the old and new companies for a new lease. In fairness to Elliott, Phelps said he ought to state that the driving of the seals that he (Mr. Elliott) saw on the Pribyloff islands in 1890 was objectionable to him, and the treasury agent stopped it.

#### Fight With Slavetraders.

BRUSSELS, July 8.—Advices from the Congo Free state report victories over the Arab slavetraders. The Arabs recently attacked the forces of the State stationed at Stanley Falls, but were repulsed with heavy loss. The expedition of the Belgian and anti-slavery society operating in East Africa, under the command of Captain Jacques, also reports an engagement with the Arab slavetraders, in which the latter were put to rout.

#### Henley Regatta.

LONDON, July 8.—The final rounds in the Henley regatta were rowed and the prizes awarded to the winners. Mag-

dalen college defeated the Thames rowing club for the Stewards' cup; the Leander club beat the London Rowing club for the Grand Challenge cup, and C. B. Kennedy, of the Kingston club, beat F. Biddington, of the Thames Rowing club, for the diamond sculls.

#### World's Fair Rates.

CHICAGO, July 8.—The western roads have finally backed down on the question of world's fair rates, and seven and eleven day excursions from all points in the Western Passenger association territory are now assured. The association meeting was taken up entirely by discussion and arrangement of excursions. The committee of world's fair exhibitors urged the establishment of a one-fare rate and after they were withdrawn and the suggestion discussed the report for a one-fare rate without restrictions was adopted with but one negative vote. The first sale of tickets is to be made July 17th. Another meeting of the association will be held August 1st and such action will be taken regarding the continued sale of one-fare tickets as the July excursions shall warrant.

#### Short Wheat Crop.

TOLLEDO, O., July 8.—Reports from grain dealers and millers covering six principal wheat producing states, producing two-thirds of total crop, indicate that they will furnish about 150,000,000 bushels this year, against 230,000,000 last year. New wheat will not move as early as usual. Sections which usually ship early have a poor crop. Over 60 per cent of the farmers say they will hold, or are not disposed to sell at the present low figures.

#### Do Not Be Deceived.

Persons with weak lungs—those who are constantly catching cold—should wear an Alcock's Porous Plaster over the chest and another between the shoulder blades during cold weather. Remember they always strengthen and never weaken the part to which they are applied. Do not be deceived by imagining any other plaster like them—they are not—may look it, but looks deceiving. Insist always on having Alcock's, the only reliable plaster ever produced.
